PRESUMABLY, CERTAIN HOSPITAL ADMINISTRATORS COULD WELL CALL INTO QUESTION THE PROPRIETY OF THEIR PROVIDING "LISTS" RATHER THAN THE USUALLY SOUGHT SPECIFIC INDIVIDUAL PATIENT RECORDS AND ATLANTA MAY WISH TO CONSIDER THIS POSSIBILITY, AND THAT FURTHER, ONCE A COURT ORDER OR SUBPOENA IS SERVED, THE NATURE OF THE REQUEST CAN WELL BECOME PUBLIC KNOWLEDGE.

Re: ATKID

By attached teletype, Atlanta advises that on 3/31/81 the body of an individual identified as Eddie Duncan was recovered from the Chattahoochee River approximately one mile South of the location from which the body of Timothy Hill was recovered on 3/30/81. Duncan is described as a 20 year old Black male, 5'10" tall, 150 pounds, and slightly mentally retarded. The Fulton County, Georgia, Medical Examiner, tentatively listed the cause of death as possible drowning or asphyxiation.

Duncan was a member of the Techwood Homes "Bat Patrol" a group of citizens who armed themselves with baseball bats and patrolled the city housing project in Atlanta to protect residents from the child killer.

Duncan has been added to the list of missing or murdered children and active investigation continues.

IT SHOULD BE NOTED, FOR BUREAU'S INTEREST, THAT DUNCAN WAS A MEMBER OF THE TECHWOOD HOMES "BAT PATROL" A GROUP OF CITIZENS WHO ARMED THEMSELVES WITH BASEBALL BATS AND PATROLLED A CITY HOUSING PROJECT IN ATLANTA TO PROTECT RESIDENTS OF THE PROJECT FROM THE CHILD KILLER. THE BAT PATROL HAS RECEIVED EXTENSIVE MEDIA COVERAGE IN ATLANTA BECAUSE OF ITS VIGILANTE NATURE. CERTAIN MEMBERS INSISTED ON ARMING THEMSELVES WITH GUNS, AND OUTSIDE ORGANIZERS, I.E., MEMBERS OF THE SOCIALIST WORKERS PARTY, INSERTED THEMSELVES INTO THE CONTROVERSY TRYING TO ORGANIZE MEMBERS OF TECHWOOD HOMES. CONFRONTATIONS WITH POLICE OCCURRED AND ARRESTS WERE MADE. MEMBERS OF THE BAT PATROL, ARMED WITH BASEBALL BATS, COMMENCED PATROLS AT TECHWOOD ON 3/20/81.

Atlanta mayor: Children's killer will be caught

By DIANA GONZALES
Express Staff Writer

His voice trembling with emotion, Atlanta Mayor Maynard Jackson told 1,000 people at a Texas Emancipation Day Commission banquet Thursday night the killer of the 23 black children in his city will be caught.

"Our children are under attack. We don't know why this tragedy is happening in our city. We don't know who the killer or killers are. We don't know when, but we will catch him or her or them," he vowed.

Gonzales

"We are getting closer and closer to solving these horrible crimes," Jackson said in his speech to the banquet crowd in Villa Assembly Building.

The mayor of Georgia's largest city was in San Antonio to talk about the importance of economic development.

But, the deaths of the Atlanta children were given precedence in the keynote address and at a press conference Jackson held earlier in the day.

In danger

"Our children are in danger. There is a great sadness in our city because of these murders.

"Why it is happening in our city is what the homicide rate went down by 13 percent last year, and violent crime increased by only 1 percent compared to 13 percent nationwide, I don't know. I do know that the transactions have not

Webster for saying three or four of the killings had been solved.

"That was an extremely unfortunate statement, it was a serious mistake," Jackson said, adding that Webster's remarks only added confusion to an already complicated situation.

Jackson's banquet speech was the second address he has given in San Antonio in the past four months. On his first visit he said he was haunted by the realization the killings had not been solved.

He told the Thursday night banquet audience the same realization remains foremost on his mind.

"But something else I talked about four months ago in this city also continues to haunt me — it is something people won't let me forget. But, I tell you this, I don't regret anything I said then. I make no apologies to no one."

Nov. 14 speech

Jackson's speech to about 700 persons at a United San Antonio meeting Nov. 14, 1981, was similar to that given Thursday night. Both talks stressed the need to understand that economic and social development go together and that similarities, not differences between people, must be magnified.

"Select dreams," he said. "And select those dreams that are common to us all. There is no chance in this great nation to those who are economically oppressed unless there is a genuine partnership between the public and private sectors. The private sector controls the economy while the public sector sets

RESOLUTION NO. 168-81

URGING THE JUSTICE DEPARTMENT TO RAPIDLY EXPEDITE THE INVESTIGATION
PROCESS INTO THE MURDERS OF THE ATLANTA CHILDREN.

WHEREAS, there have been 30 murders of black children in Atlanta
during a 19 month period; and

WHEREAS, The potential of further murders exists; and
WHEREAS, Letters received from the alleged murderer threatening
further violence are being printed in the local newspapers; and

WHEREAS, The murders and fear of future murders have caused fear
to permeate both the City of Atlanta, and the Black community of Atlanta
in particular; and

WHEREAS, The Board of Supervisors of the City and County of San
Francisco is deeply concerned about the safety of the children, the
spreading of the fear in Atlanta and the possibility of violent acts
arising from these tensions; and

WHEREAS, The investigation process in Atlanta has encountered a
"slow-up" due to minor conflicts within the local agencies; and

WHEREAS, At this time, the local police in Atlanta are failing to
turn up new evidence; and

WHEREAS, Mayor Reynard Jackson of Atlanta has made an appeal to the
Federal Government for financial assistance furthering the investigation
and requesting the Justice Department to move with all deliberate speed to
expedite the investigation; now therefore, be it

RESOLVED, The Board of Supervisors of the City and County of San
Francisco join in urging the Federal Government to allocate money which will
allow for the further investigation; and be it

FURTHER RESOLVED, The Board of Supervisors of the City and County of
San Francisco urge the Justice Department to expedite the investigation
process into the murders of the Atlanta children.

NOT ENOUGH EVIDENCE
Mayor Jackson

Jackson Rebukes FBI Director For Comments On Kids' Cases

By George Rodriguez
and Eric Willis
Continued from Page 1

Mayor Maynard Jackson strongly rebuked FBI Director William Webster Tuesday, saying Webster's comments that police had "substantially solved" up to four of the slayings of 23 young Atlanta blacks "undermine the public's confidence in our investigation."

One source close to the Atlanta special police task force investigation said Tuesday that police for months have had suspects in the cases of at least four of the victims, including the only two females — Latonya Wilson, 7, whose body was found on Oct. 18, 1986,

and Angel Lenair, 12, whose body was discovered March 16, 1986.

Suspects have also been identified in the cases of 14-year-old Eric Middlebrooks, whose body was found on May 19, 1986, and 8-year-old Anthony Carter, whose body was found July 7, 1986, the source said.

Public Safety Commissioner Lee Brown could not be reached late Tuesday for comment on the report of suspects.

The source emphasized that he did not know whether those are the same cases that Webster referred to when he made his comments.

The Investigation

There was bad news from the director of the FBI, William Webster, but there was also reason for optimism. He said authorities were very close to finding the killer of a dozen or more youths in Atlanta when the case against the prime suspect fell apart. However, that suspect is under surveillance as are others suspects in the case. The bright spot in all this is the FBI with its extensive training and support facilities is working very closely with Atlanta and there has been progress.

"I really think we are getting to a point where we should have a break coming," Webster said.

The director also indicated that three or four child killings were unrelated to what he described as a string of 10 to 12 slayings by one person or persons. That brings to mind a question — why hasn't someone been charged? District Attorney Lewis Slaton says there is not enough evidence. A police department spokesman echoed that remark.

Only in television cop shows are these baffling cases solved quickly and that's because the script has been written and the identity of the guilty is known beforehand. In real life there are many more problems facing police and prosecutors. Authorities may have several strong suspects in the cases but under our system of justice, the charged are innocent until proven guilty and that is as it should be — to protect the innocent.

But we can take comfort in Webster's assurance that the case has moved along as far as it has. There are dozens of people working on the case representing numerous, local, state and federal agencies. With that much talent, it is only a matter of time be-

fore there is a break that will put us on the road to putting this whole tragedy behind us.

It is unfortunate that Mayor Jackson chose to publicly challenge Webster for his remarks. We understand the mayor's concern about the investigation but we see no sign of great "unbridled media speculation and invertebrate," as the mayor phrased it. Webster never said the FBI had information the others working on the case didn't have. He was giving an evaluation of progress as he saw it.

The tragedy is too important for needless disagreements among the officials involved and it should be noted that the FBI and local law enforcement officials in Atlanta have probably gone further in close cooperation on a most difficult case than on any other case in modern times.

ments about the Atlanta slayings Monday. However, he added that police do not have enough evidence to bring a case against any of the suspects.

In a letter to Webster Tuesday, Jackson said "I am assured positively by Atlanta law-enforcement officials that there is not sufficient evidence in any pending child case to justify arrest at this time. If there were, our police would make such arrests."

"Your statements are starting to hurt," he wrote Washington's heli. "and cause problems. I am sure the FBI chief is not wish to be involved in a case, but I respectfully urge that you consider the impact of your casual press statements on our local situation here."

Brown told the City Council's Public Safety and Legal Administration Committee Tuesday. "There are no cases where we have sufficient evidence to make an arrest. There is no reason not to make an arrest if we had enough evidence to suspect. We would be as happy as our citizens if we could make an arrest and solve the case."

"But we are not going to arrest someone unless we have evidence that this person is responsible and we can indict and convict him," he said.

Sources said Monday that prosecutors first went to see the mass killer apprehended before going ahead with any individual cases.

Brown told the committee that Webster's Monday remarks had neither materially hurt nor aided the probe.

The committee decided to draft a letter to Webster, asking if he had been quoted correctly in the Atlanta newspapers and warning him of the

problems his remarks were causing.

Brown told the committee he called local FBI officials after learning of Webster's remarks and was told that Atlanta FBI agents were unaware of the statements and "were unaware of anything about the cases that we run the Atlanta police force were not aware of."

Webster said that during a press luncheon, "questions were raised about the Atlanta situation" and what he thought was he had not said anything that was not a ready said and he was attempting to explain the difficulty of the investigation and the commitment "to the investigation."

He said he tried to point out that there are good leads that crop up, that then after follow-up they turn out to be not what we are looking for, he said that was the context in which he tried to tell the media that three or four weeks ago their hopes were up "and it didn't pan out," Brown said. "He said he didn't know anything we don't know."

When asked by a reporter whether he agreed with Webster's comments that 12 to 18 of the cases could be heard, Brown said, "There's been a lot of speculation. That's his speculation."

Brown said he "didn't know which cases" Webster was referring to when he mentioned that three or four weeks ago the FBI had high hopes of solving the crimes. "Our hopes have been up many times, but they always come back down again," he said.

Ruth Brown and Jackson commended the Atlanta FBI office for cooperating fully with the special children's task force. The source said local FBI officials were as surprised as Jackson and Brown to hear of Webster's comments.

In the news conference before his session with

the public safety panel, Brown said police "know more about some cases than others" but that "we do not have enough information to make an arrest."

Meanwhile, about 150 mourners attended the funeral of Larry Rogers, 23, the latest victim in the string of slayings dating back 20 months.

Also, Atlanta police are looking for a man who kidnapped, robbed, and assaulted a 16-year-old female in northeast Atlanta.

The officers occurred a month apart, and the man followed the girl several times in between. The most recent offense happened on April 6 at about 5 p.m. as the girl was leaving the Peachtree Mall Shopping Center.

The unidentified man forced his way into her car at Kirtland and made the girl drive to Virginia Place N.E. He then robbed her.

A month earlier, on March 6, the same man assaulted the teen-ager in Bureau Drive N.E.

The man is described as a white male, 25 to 30 years old, with brown hair and mustache and curly blood hair on his arms. On all occasions he has been driving a light blue two-door Ford Mustang, possibly 1967 model, with possible first two tag numbers "H10." The car has a "Hebel" tag on the front, and body damage on the front left fender near the radiator.

Anyone with knowledge about the man or his car is asked to call Detective R.T. Ford with the Sex Crimes Unit at 658-6726.

Also Tuesday, the federal government said it will give Atlanta \$104,586 in new federal funds to provide counseling for children and parents to help them cope with the wave of child murders there.

Also contributing to this report was staff writer Cliff Frazier.

Re Atlanta teletypes to Bureau, 4/6 - 7/81.

The following investigation was conducted by SA

On 4/10/81.

[REDACTED] Medical Records Department, Searcy Hospital, Citronelle Highway, Mount Vernon, Alabama, advised that Searcy Hospital discharges approximately 1,000 patients each year and that some 1500 patients would have been discharged from the period of 1/1/78 to 7/21/79. She said all inmates arrive from southern counties in Alabama, and persons from northern counties usually go to a mental facility (Brice in North Alabama. Of those discharged, [REDACTED] ventured that five persons would be "relocates" or they are discharged to an address different from that given upon entering Searcy. She added that there is no assurance or guarantee that the discharged person actually goes to the given new address. [REDACTED] stated it would be a "major undertaking" to review each discharge as the hospital is not operating by computer and each record must be reviewed for daily discharges and the personal file pulled and evaluated. She stated that State law forbids anyone, including FBI Agent or clerical personnel, from conducting such a survey to assist the hospital staff. She advised that Mr. Terry Bartlett, Administrator of Searcy Hospital, would be the person to approve such an operation, and he would be available Tuesday, April 14, 1981.

On 4/14/81, John T. Bartlett, Director of Searcy Hospital, Mount Vernon, Alabama, was contacted and requested to furnish the data per referenced teletypes. Mr. Bartlett telephonically contacted a Deputy State Attorney General who saw no objection to furnishing this information to the FBI. Mr. Bartlett summoned the Medical Records Supervisor and directed that a compilation of patients released between 1/1/78 and 7/21/79 with relocation addresses, other than the 20 southern counties in Alabama, and specifically those former patients who intended to go to Atlanta or any Georgia locale, be prepared for the FBI. The Director and Supervisor estimated it would take at least two to three weeks to prepare the compilation as each discharged patient file must be personally reviewed.

Enclosed for the Bureau, under separate cover,
 is one dark brown, wooden statue, approximately 12 inches
 tall. Statue damaged (broken) on left side.

Victim was last seen alive on 3/11/80 and his
 skeletal remains were found on 2/13/81.

If a suspect is developed and unknown latent prints
 are obtained from the suspect's vehicle and/or home, it
 is felt that these latents should be compared to all known
 victims of ATKID for a possible match.

The enclosed wooden statue was obtained from victim's
 mother on 3/18/81. It should be noted that statue belonged
 to victim; however, other family members did handle statue.
 No known fingerprints of victim are available.

Subject *(C)* ATKID

PURPOSE: To set forth projected support personnel requirements for the ATKID Investigative Support Information System (ISIS) application in the Atlanta Field Office.

DETAILS: The ATKID ISIS data base was brought on-line in Atlanta on 2/26/81. The Atlanta Field Office has been conducting investigation in this matter since November, 1980, and as of 3/18/81 had approximately 2,200 serials and 800 1A's in file. Six hundred two serials had been encoded and entered into ISIS by the 10 support personnel, in Atlanta, assigned to this task as of 3/18/81.

Special Agent [redacted] reviewed the Atlanta ATKID ISIS operation on 3/18/81. He held discussion with Atlanta Special Agents [redacted] and [redacted] who advised that there were 30 agents assigned full-time to this investigation that are producing an average of 250 serials a week. *b7c*

From an analysis of the data and the progress to date; Technical Services Division personnel project that to eliminate the backlog of ATKID serials (to bring the file current) will require 8 additional support personnel for approximately 12 weeks. This requirement is above that of the current staffing of 10 support personnel which must be maintained to keep even with the current amount of material being produced by the 30 agents assigned this investigation.

RECOMMENDATION: None, for information.

ATKID; MAJOR CASE NUMBER 30; KIDNAPPING; 00:ATLANTA

IN CONNECTION WITH EVIDENTIARY ITEMS SUBMITTED BOTH TO FBI LABORATORY, WASHINGTON, D.C. AND TO THE GEORGIA CRIME LAB REGARDING CAPTIONED MATTER, SEVERAL OBSERVATIONS HAVE BEEN NOTED. NUMEROUS FIBERS, SYNTHETIC IN NATURE, HAVE BEEN RETREIVED AT THE VARIOUS CRIME SCENES AND FROM THE VICTIMS BODIES AS A RESULT OF CRIME SCENE INVESTIGATION BY THE GEORGIA CRIME LAB. THESE FIBERS ARE NOW BEING USED BY LAW ENFORCEMENT AGENCIES TO LINK VARIOUS VICRIMS TO ONE ANOTHER. IN ADDITION TO THE SYNTHETIC FIBERS, SEVERAL ANIMAL HAIRS HAVE BEEN RECOVERED WHICH HAVE BEEN DESCRIBED AS BEING CANINE IN NATURE HOWEVER WHETHER OR NOT THEY CAN BE ATTRIBUTED TO A SPECIFIC BREED OF DOG IS QUESTIONABLE.

20 APR 21 1981

60 MAY 11 1981

PAGE TWO DE AT (7A71835 SF 26) U N C L A S

IN ORDER TO MORE EFFECTIVELY TARGET VARIOUS COURSES OF INVESTIGATIVE ACTION, IT IS IMPERATIVE THAT ATLANTA RESOLVE TO WHAT DEGREE THESE VARIOUS FIBERS BOTH SYNTHETIC AND NATURAL ARE RELATED ONE TO ANOTHER AND HOW WELL THEY CAN BE DEFINED AS COMING FROM A PARTICULAR SOURCE. BOTH THE GEORGIA CRIME LAB AND THE FBI LABORATORY IN WASHINGTON ARE AWARE OF THE PROFESSIONAL DISCREPANCIES RESULTING FROM EXAMINATIONS DONE ON THESE FIBERS.

THE GEORGIA CRIME LAB, SPECIFICALLY [REDACTED] AS WELL AS [REDACTED] INSPECTOR IN CHARGE OF INVESTIGATIVE DIVISION FOR THE GEORGIA BUREAU OF INVESTIGATION ARE AGREEABLE TO A TECHNICAL REPRESENTATIVE FROM THE FBI LABORATORY, WASHINGTON, D.C. FAMILIAR WITH HAIRS AND FIBERS TO REVIEW AT THE GEORGIA CRIME LAB ALL OF THE HAIRS AND FIBER EVIDENTIARY ITEMS COLLECTED FOR THE PURPOSE OF MAKING AN ANALYSES OF THOSE PARTICULAR ITEMS. ATLANTA SUGGESTS THAT A TECHNICIAN FROM LABORATORY DIVISION WORK ALONG SIDE OF [REDACTED] FOR THE PURPOSE OF REVIEWING THOSE EVIDENTIARY ITEMS AND EXCHANGING PROFESSIONAL OBSERVATIONS CONCERNING THEIR EXAMINATIONS AND IF POSSIBLE PRODUCING ONE CONSENSUS OPINION AS TO THE ORIGIN, VALUE AND ANALITICAL BREAK DOWN OF THE HAIRS AND FIBERS IN QUESTION.

b7c

b7c

10 498

PAGE THREE DE AT (7A 1835 SF 26) U N C L A S

SUCH A REVIEW BY AN FBI TECHNICIAN IS ABSOLUTELY NECESSARY FOR THE ATLANTA DIVISION TO FULLY APPRECIATE WHAT PHYSICAL EVIDENCE EXISTS AND WHAT CREDIBILITY CAN BE PLACED IN THE GEORGIA CRIME LAB'S LINKAGE OF CERTAIN HOMICIDES. ATLANTA BELIEVES THAT RATHER THAN HAVE THE EVIDENTIARY ITEMS EXAMINED INDEPENDENTLY BY THE RESPECTIVE LABS IT WOULD BE BEST IF REPRESENTATIVES FROM EACH LAB WORKED ON THE ANALYSES IN EACH OTHERS PRESENCE IN ORDER TO PROVIDE A MEDIUM FOR DIALOGUE DO THAT EACH LABORATORY TECHNICIAN WOULD KNOW THE BASIS FOR THE OTHER TECHNICANS CONCLUSIONS.

REQUEST OF THE LAB:

THE LAB IS REQUESTED TO DESIGNATE A LABORATORY TECHNICIAN FAMILIAR WITH ATKID TO TRAVEL TO AND REMAIN IN ATLANTA FOR APPROXIMATELY ONE WEEK OR FOR THAT PERIOD OF TIME NECESSARY TO REVIEW THE HAIRS AND FIBERS GATHERED IN THIS INVESTIGATION IN ORDER TO ACCOMPLISH THE ABOVE STATED GOALS. THE BUREAU IS FURTHER REQUESTED TO RESPOND TO THIS REQUEST AS SOON AS FEASIBLE SO THAT APPROPRIATE ARRANGEMENTS CAN BE MADE WITH THE GEORGIA CRIME LAB.

PAGE FOUR DE AT (7A-1835 SF 26) U N C L A S

Specimens received March 26, 1981

- Q29 Yellow fiber (81-4620)
- Q30 Violet fiber (81-4620)
- Q31 Green fiber (81-2487)
- Q32 Yellow carpet fiber (80-15919)

Result of examination:

Specimen Q29 consists of a light yellow, striated, lustrous acetate fiber. Specimen Q30 consists of a light violet, striated, lustrous acetate fiber. Specimen Q31 consists of a green nylon fiber of variable cross section. This fiber does not exhibit the appearance of a trilobal rug fiber; however, the possibility that it originates from a rug or carpet cannot be eliminated.

Specimen Q32 consists of a light yellow trilobal nylon fiber of the type frequently encountered in rugs or carpets.

The aforementioned fibers are suitable for future microscopic comparisons with suspect sources.

ADDENDUM: CRIMINAL INVESTIGATIVE DIVISION (CID) [REDACTED] 4/16/81

CID has reviewed this matter and concurs with SAC Philadelphia that two Special Agents (SAs) from the Atlanta Division conduct the interview of [REDACTED] a suspect in this case. It is recommended that the interview be conducted during the week of April 20, 1981, with the exact date to be coordinated with the Atlanta and Philadelphia Division.

CID does not concur with the insistence of SAC Philadelphia that an Agent from the Behavioral Science Unit, Training Division, be present during the interview [REDACTED]

It is the opinion of CID that the presence of three SAs during the interview of this suspect would be counterproductive. It is noted that the Behavioral Science Unit has instructional and educational interest and should not be utilized to direct this investigative interview. SA [REDACTED] Behavioral Science Unit, is presently in the Atlanta Division and will assist in the preparation for the interview. This aspect has been coordinated with the Philadelphia and Atlanta Divisions and the Behavioral Science Unit, Training Division. *ENC*

Since it is anticipated [REDACTED] will furnish a consent to search [REDACTED] it is recommended that appropriate personnel from the Laboratory and Identification Divisions be present to process the search areas.

This matter has been discussed with SA [REDACTED] Atlanta Division, on 4/14-15/81. [REDACTED] to coordinate the date of the interview with the Philadelphia Division.

and [REDACTED]

Three latent fingerprints previously reported on envelope, Q27, have been identified as elimination fingerprints of [REDACTED]. Five latent fingerprints and two latent palm prints previously reported on envelope, Q27, and on letter, Q28, have been identified as elimination fingerprints and palm prints of [REDACTED].

Fourteen of the previously reported latent fingerprints were compared with the fingerprints of [REDACTED] and [REDACTED] but no identification was effected. Clearly and completely recorded impressions of the tips, sides and lower joint areas of the fingers are needed for conclusive comparisons. The remaining latent fingerprints and one latent palm print are not the fingerprints or a palm print of [REDACTED] or [REDACTED].

The specimens are enclosed.

PURPOSE:

b7c To document a telephone conversation between [REDACTED] Georgia Bureau of Investigation Crime Laboratory, Atlanta, Georgia and Special Agent [REDACTED] Microscopic Analyses Unit. This conversation occurred at approximately 10:00 a.m. on April 14, 1981.

DETAILS:

On April 14, 1981 at approximately 10:00 a.m., [REDACTED] returned a telephone call to SA [REDACTED]. During this conversation, appreciation was expressed to [REDACTED] concerning his cooperation in making available to the FBI Laboratory, items of physical evidence originally recovered from a former residence of [REDACTED] a possible suspect in this case. [REDACTED] was also advised of the receipt of several items of physical evidence recovered from the body of EDDIE LAMAR DUNCAN by the FBI Laboratory from the Atlanta Office. It was explained that this material was inadvertently sent to the FBI Laboratory and that it would be returned promptly to the Atlanta Office and resubmitted to the Georgia Laboratory for examination. This is pursuant to an existing agreement between the FBI and the Georgia Bureau of Investigation (GBI) regarding the handling of physical evidence in these cases. *A b7c*

After these preliminary remarks, [REDACTED] was asked if he had been able to reach a decision concerning additional assistance which the FBI desires to give him with respect to furnishing personnel and equipment to his laboratory. This offer was predicated on the fact that both [REDACTED] and [REDACTED] Georgia Laboratory acknowledged that a considerable quantity of garments originating from the homes of the victims in these cases remain to be examined for foreign fibers of possible significance.

(CONTINUED - OVER)

MEMORANDUM FROM W. F. CRONIN TO MR. KELLEHER
Re: ATKID

It was pointed out to [REDACTED] that the Bureau makes this offer virtually without conditions and in this regard, he was assured that such additional personnel would be willing to work off-hours or during weekends in order to alleviate any space problem created by their presence. It was also stated that any additional equipment required by these personnel would be furnished by the FBI Laboratory and that either he or his designee would be coordinating the work of these examiners. Lastly, he was assured that any authorship of academic papers based on this work would be to their credit and that any press releases made as a result of this work would be joint releases subject to approval by both agencies.

[REDACTED] response to this was pleasant and appreciative; however, he stated that he did not perceive his work backlog to be of sufficient size to warrant the acceptance of additional personnel at this time. Upon being asked if there was any other way that the Federal Bureau of Investigation could assist him in this case, he stated that he would be interested in any information that we could furnish regarding the further characterization of the physical surface features of textile fibers currently under study by use of the scanning electron microscope. [REDACTED] was assured that the appropriate inquiries would be made promptly concerning the possibility of this technique being used and that a telephone call would be placed to him at the earliest opportunity regarding this possibility. He also asked if the FBI Laboratory was currently using any optical methods based upon the use of the interference-type microscope in the study of textile fibers. He was advised that the FBI Laboratory routinely employs conventional light microscopy, microspectrophotometry, refractive indices determination and birefringence. It was also stated that upon occasion, a dye examination by use of thin layer chromatography and chemical identification of textile fibers was confirmed by infrared spectrophotometry. b7c

At this point in the conversation, [REDACTED] was asked if the FBI Laboratory could be of any assistance to him in contacting industrial sources regarding developing further information concerning the fibers now in his possession. [REDACTED] stated that he thought that such inquiries would be premature until such time as carpets or other suspect sources of these fibers became available.

MEMORANDUM FROM W. F. CRONIN TO MR. KELLEHER
Re: ATKID

The conversation was terminated by a request to [REDACTED] to keep in mind our standing offer of assistance with respect to furnishing personnel and equipment to his laboratory for the purpose of handling the backlog of uncompleted work.

After reporting this conversation to Assistant Director Kelleher, SA [REDACTED] was instructed to prepare a letter over his signature to [REDACTED] reiterating our offer of assistance and to incorporate into the letter the aforementioned conditions. This letter will be prepared today and, if no further telephone response is received from [REDACTED] will be mailed on April 15, 1981.

CHILD DEATHS

ATLANTA (AP) -- FBI AGENTS ASSIGNED TO INVESTIGATE THE SLAYINGS AND DISAPPEARANCES OF 15 BLACK CHILDREN WILL BE WORKING APART FROM A CITY POLICE TASK FORCE, OFFICIALS SAY.

DELBERT C. TOOHEY, ASSISTANT SPECIAL AGENT IN CHARGE OF THE FBI'S ATLANTA OFFICE, DECLINED TUESDAY TO SPECIFY HOW MANY AGENTS HAVE BEEN PUT ON THE CASE, SAYING ONLY THAT THE NUMBER WAS "SUBSTANTIAL."

"THEY WILL NOT BE MEMBERS OF THE TASK FORCE," FULTON COUNTY DISTRICT ATTORNEY LEWIS SLATON SAID MONDAY. "THEY WILL WORK INDEPENDENTLY AND STAY IN COMMUNICATION WITH THE TASK FORCE."

POLICE HAVE BEEN BAFFLED BY THE KILLINGS OF 11 CHILDREN AND DISAPPEARANCES OF FOUR OTHERS IN THE PAST 16 MONTHS, AND REMAIN UNSURE WHICH, IF ANY, OF THE CASES ARE CONNECTED.

ATTORNEY GENERAL BENJAMIN CIVILETTI, WHO ORDERED THE FBI PROBE EARLIER THIS MONTH, SAID IN A LETTER TO ATLANTA MAYOR MAYNARD JACKSON THAT THE FOCUS WOULD BE TO DETERMINE "WHETHER THE FOUR BLACK CHILDREN PRESENTLY MISSING ARE BEING HELD IN VIOLATION OF THE FEDERAL KIDNAPPING LAW."

BUT CIVILETTI SAID THE BUREAU ALSO WOULD HAVE TO CHECK INTO THE DISAPPEARANCES OF THE 11 CHILDREN WHOSE BODIES HAVE BEEN DISCOVERED.

TOOHEY SAID THE AGENTS WILL TRY TO FIGURE OUT WHETHER "ALL THE CASES ARE LINKED AND DETERMINE JUST WHAT'S GOING ON."

OUTSIDE SOURCE

Dear Sirs:

I would like to make a suggestion about the killings in Atlanta: that you might get the parents of the victims together and get them to write a list of all of the people (adults) they were close to then match them and see what name appears on most or all of the lists. Please tell me what you think. Thank You.

Sincerely,

PURPOSE:

To document a telephone conversation between [REDACTED] Georgia Bureau of Investigation (GBI) Crime Laboratory, Atlanta, Georgia, Special Agents [REDACTED] and [REDACTED]. This call was made at approximately 10:15 a.m. on April 15, 1981.

DETAILS:

The above-mentioned telephone call was made to [REDACTED] in response to his earlier request for information that we could furnish regarding the further characterization of the physical surface features of textile fibers currently under study.

Special Agent [REDACTED] suggested during this conversation that the possibility exists that an environmental history of these fibers could be established by ion probe techniques and also that these fibers could be further characterized as to surface topography by use of scanning electron microscope techniques. [REDACTED] appeared to be quite interested in these possibilities. At one point in the conversation, it seemed that he was ready to furnish the FBI Laboratory with additional specimens of the fibers in question; however, he later stated that he wished to consult with some of his people concerning what was being proposed.

At the conclusion of the conversation, he stated that at this time, he felt the further examination of these fibers would be premature pending the location of suspect sources. He further stated that if, for example, these fibers contained either rare earth or precious metal tracer components, that such components would be detectable at any time in the future when suspect sources were located.
